## MENU

A super-healthy cold soup, served with a healthy dose of fresh air. Great to set you up for an active afternoon outdoors

### THE AIR'S GOOD RIGHT NOW MAKE THE MOST OF IT!

Superb squash soup, with coriander, parmesan croutons and air fit to stroll in. Enjoy!

### THE AIR'S GETTING WORSE

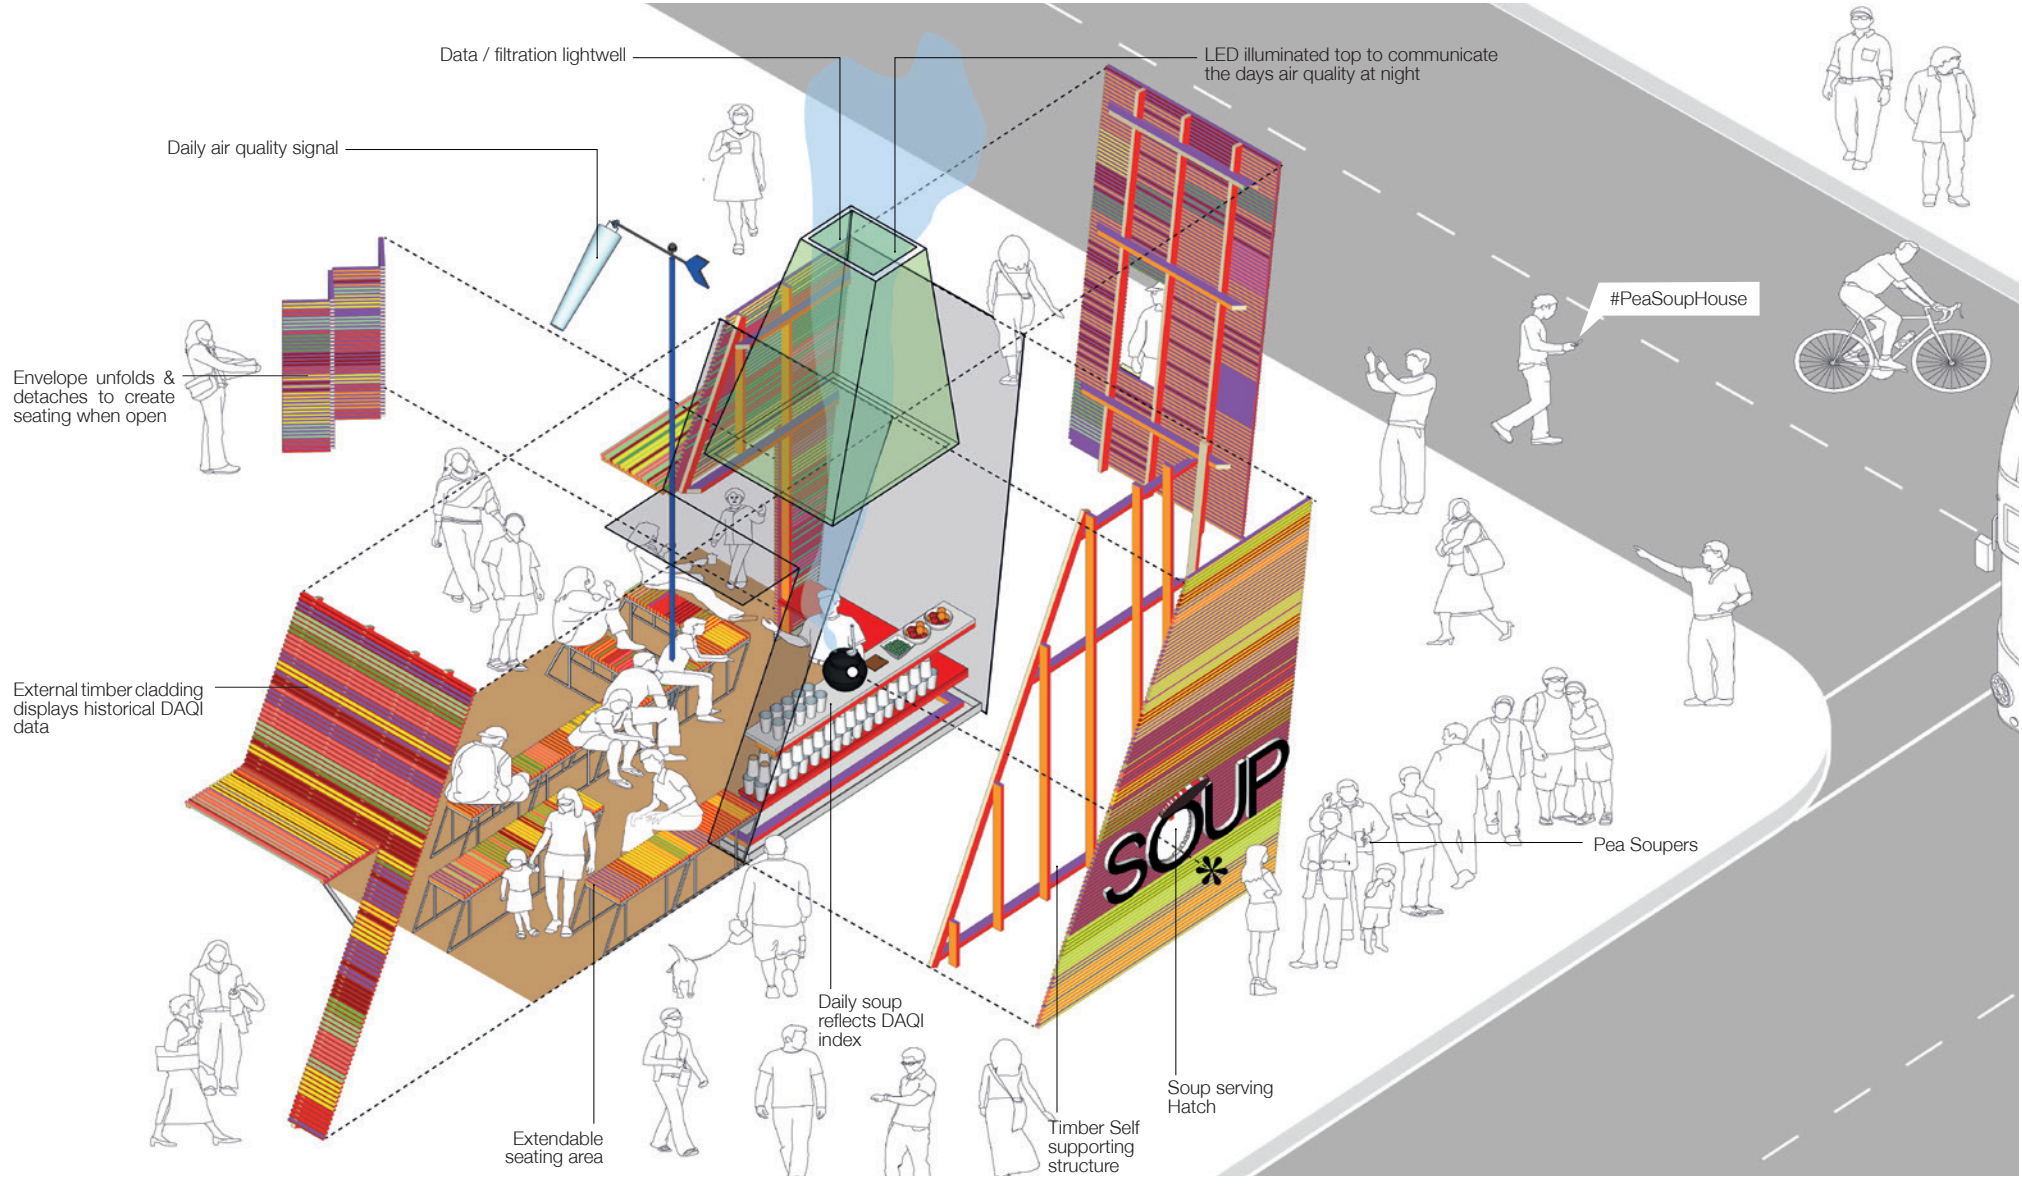

A smokey, spicy, tomato based soup. The air's not great so best take this and dash to the park - it'll keep you warm in the breeze.

A root medley! Vibrant, earthy soup with a hot kick. The Beet's antioxidants should go some way to helping your health but the air is terrible - get back indoors asap

**IF WE'RE SERVING THIS THE  
AIR'S BAD - GET INDOORS!**
